Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Sunday 06 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Showers continuing in the west this evening, turning dry overnight.

This Evening and Tonight:
Most remaining showers clearing this evening, though these linger in the west of the region into the night. Staying dry through the early hours into the morning, with patchy cloud. Feeling cooler than recently. Minimum temperature 8 deg C (46 deg F).

Monday:
Remaining dry through the day for most, though northernmost areas could see a few showers through the afternoon. Patchy cloud allowing for sunny spells, feeling warm. Staying dry overnight. Maximum temperature 22 deg C (72 deg F).

Outlook for Tuesday to Thursday:
Dry and bright on Tuesday. Rain arriving through Wednesday morning, continuing into the afternoon. A mixture of scattered showers and sunny spells on Thursday. Winds strengthening throughout this period.
